

McPhee Red Angus

Welcome to our 40th Anniversary Sale

We began raising Red Angus cattle 40 years ago. In 1971, Roy and Nellie purchased 8 Red Angus heifers and one bull. That was the start of McPhee Red Angus. It has been a fantastic ride! We have met and made so many wonderful friends and friendships along the way.

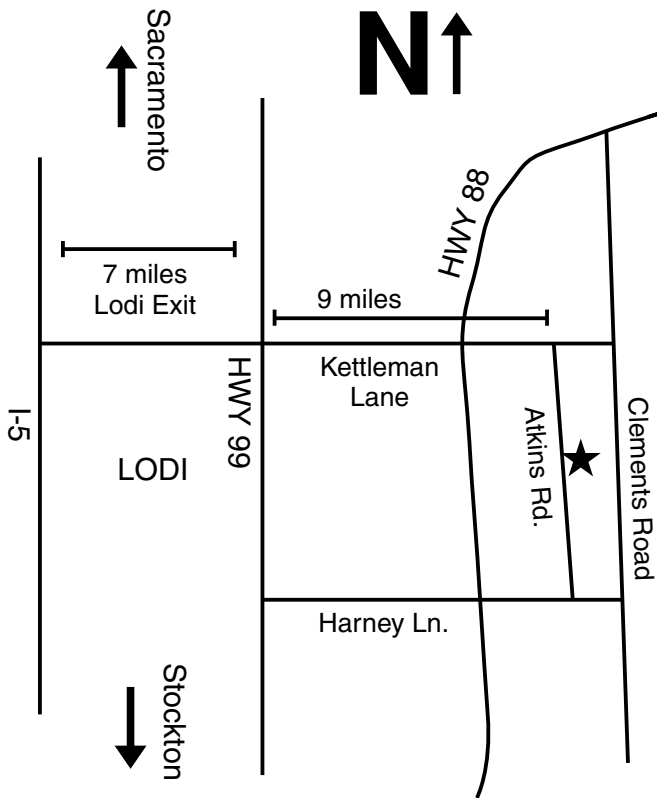

Throughout the years the cattle have changed and the way cattle are raised has changed, but our philosophy of raising good cattle has remained the same. To raise functional cattle that work for us and for our customers. The McPhee herd has proven itself to be one of the premier growth herds in the breed. When you are looking to add pounds to your calf crop without added inputs, then use a McPhee Red Angus bull. We refuse to chase one trait, but insist that our cattle put the pounds on, without sacrificing calving or carcass quality. Our customers are very important to us. We have been around for 40 years because of you, our customers, who keep coming back. A high percentage of our bulls and females go to repeat buyers.

In our 40th Anniversary offering you will find the kind of animals you need to get the job done. Look at our reference sires, two of the sires are unbeatable in the breed for growth and carcass EPD's. These are the traits you get paid for when you sell your calves. There are bulls to fit every program, just take a look. We are offering open females ready to breed, and an elite offering of bred heifers to calve this spring. Join us September 24 and celebrate with us.

The McPhee Family

Sale Information

- From I-5, take the Lodi exit east and travel 16 miles. Turn right on Atkins Road and travel 1/2 mile to the ranch.
- From Hwy 99, take Kettleman Lane exit and go east 9 miles. Turn right on Atkins Road and travel 1/2 mile to the ranch.
- Coffee and rolls will be available for early arrivees.

Health:

- Bulls will have been semen tested
- Females have been brucellosis vaccinated
- All lots received calfhood vaccinations of Ivomec, 8way, Lepto, IBR, BVD, PI3, and BRSV
- Anaplas vaccine will be available to buyers who request it
- All bulls tested PI negative for BVD

Lot Numbers:

- Yellow eartag lot numbers will correspond to sale catalog.
- Lots 1-10 Herd Bull Prospects
 - Lots 11-68 Yearling Bulls
 - Lots 70-106 Open Yearling Heifers
 - Lots 107-111 Spring Bred Heifers

Inspection:

Cattle will be available for inspection at the ranch from September 19 until the day of the sale.

Phone Bids:

Phone bids will be handled with the strictest of confidence by sales representatives.

Location:

McPhee Red Angus
14298 N. Atkins Rd.
Lodi, CA 95240
209-727-3335

Sale Times:

10:30 am • Females

Complimentary Beef Lunch at noon
Served by the San Joaquin-Stanislaus CattleWoman

1:00 pm • Bulls

Accommodations:

Holiday Inn Express
1337 E. Kettleman Lane

Terms & Conditions

BIDDING DISPUTES: The auctioneer in charge will settle any disputes as to bids and his decision in such matters shall be final.

TERMS: The terms of sale are cash, the right of property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch.

RETAINED INTEREST: Seller reserves the right to keep a breeding interest in any bull so designated in the catalog or during the auction.

PURCHASER'S RISK: Each animal becomes the risk of the buyer as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to buyer, until loaded for shipment or until 48 hours after the sale, whichever occurs first.

INSURANCE: Insurance representatives will be present to care for insuring cattle.

CERTIFICATE OF REGISTRY: A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.

HEALTH: Health certificates will be provided for interstate shipment.

ANNOUNCEMENTS: Changes of information contained in this catalog relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence. Errors discovered in the catalog will be corrected by announcements at sale time and such corrections will take precedence over the printed matter in this catalog.

FOOT NOTES

BW	Actual Birth Weight
WWR	Weaning Weight Ratio
AWW	Adjusted Weaning Weight
AYW	Adjusted Yearling Weight
SCR	Scrotal Measurements taken 8-12-11 and adjusted to one year of age
ADJ IMF	Adjusted Yearling Intramuscular Fat Ultrasound
ADJ REA	Adjusted Yearling Ribeye Area Ultrasound
MPPA	Most Probable Producing Ability
ADG	Average Daily Gain from weaning to yearling
EPD	Expected Progeny Difference, in pounds
BW	Birth EPD
WW	Weaning Weight EPD
YW	Yearling Weight EPD
Milk	Milk EPD
TMAT	Total Maternal EPD
ME	Mature Cow Maintenance Energy Requirements
CED	Calving Ease Direct
HPG	Heifer Pregnancy
CETM	Calving Ease Total Maternal
Stay	Stayability EPD
Marb	Marbling EPD
REA	Ribeye Area EPD
Bfat	Backfat EPD

BREEDER'S GUARANTEE: All animals sold are guaranteed breeders by the owner. Any animal that has not proven itself a breeder within six months after date of sale, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying to a period of six months to prove the animal a breeder. The seller at his option may either give a credit (minus salvage value of the animal) at a future sale or replace the animal with another of equal quality in full settlement and transaction of ALL claims. Yearling bulls shall be guaranteed breeders for no more than 25 (twenty five) females. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the specified time as noted above, and any animal returned must be free from disease, parasites and in good health.

IDENTIFICATION: Each animal carries a readable tattoo. Tag numbers on cattle correspond with lot and tattoo numbers in this catalog. Purchaser agrees to use full name of animal in advertising and on stall cards at shows.

LIABILITY: Neither owners, sale manager, clerks nor anyone connected with the sale assumes responsibility, legal or otherwise, for damage of anykind.

CONTRACT: The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

*As Good as the Best and
Better than the Rest!*

McPhee Pacific Pride 4127 the sire that is unbeatable for growth and carcass in the breed and possibly the industry. He was born and raised here at McPhee Red Angus. He ranks in the elite 1% of the breed for WW, YW, CW, REA, and top 3% for TM and top 5% for IMF of proven sires. He is a sire that represents all that you need to increase profit in your calf crop. Used in many herds across the country his calves will rise to the top. Pride sired calves across the country averaged 103 for WW and YW ratio, and hold on a 110 for IMF and REA ratio. This is not on a select group of cows he was bred to; this is what he does in the real world. His growth and carcass EPD's increase with every calf crop on the ground, and even an improvement in the calving ease EPD's. The Pride sons averaged a 12.74 REA, and 4.07 IMF, way above breed average. This set of sons was a shining example of their sire. The best thing is that the Pride sired daughter's bull calves killed it for IMF; they all had 6 percent or

DZA Joe Maker 705 a sire we are extremely proud of. He ranks in the top 25% in the breed for WW, YW, MILK, and TM EPD's and top 2% for MARB and top 4% for REA EPD's. He sires calves that are thick and attractive. They are cattle that rise to the top of the pen. You can count on them being top gainers and when you get down to the carcass they shine their too. It's sometimes tough using a new sire in a program, a lot of what if's. Well Joe Maker has taken the guess work out of that. His calves have performed above the bar and we are confident that he is a true asset in our herd. We look forward to his daughters in production this year. **SEMEN AVAILABLE**

McPhee Pacific Pride 4127

better and averaged a 12.3 inch REA. So we are very proud of Prides influence. Let McPhee Pacific Pride influence your herd, it is influence you can put in the bank. **SEMEN AVAILABLE THROUGH ABS GLOBAL**

McPhee Pot Of Gold 3991 is a herdsire who does it all right. From his proven calving ease to his growth, and carcass make him the ideal choice. He has one of the most balanced set of EPD's you will find. With loads of expression of muscle and correctness, he does this all in a moderate frame. He has given us some of the best females we have ever raised. His daughters make great mothers and are easy fleshing, without sacrificing feeding their calves. Pot of Gold is a maternal brother to Pacific Pride and we are benefiting from the maternal traits these bulls bring to the table. A sire that just gets better with each calf crop on the ground is a rarity, but at McPhee Red Angus it is a reality. **SEMEN AVAILABLE**

McPhee Top Commitment 352 is an up and coming star in the breed. He ranks in the top 5% or better of the breed for WW, YW, STAY, MARB, and CW EPD's. He also holds the rank of the #1 MARBLING/GROWTH bull in the entire breed. This is a sire that bends the curve and does it well. We are just about ready to wean his first calf crop, and they are an impressive set of calves. We are giving two straws of semen on McPhee Top Commitment 352 with every heifer purchase. **SEMEN AVAILABLE**

McPhee Top Commitment 352

“The quality and size of rib eyes and the choice grade beef in the McPhee bulls this year are simply outstanding. If you want to keep yield grades scores in check and improve your quality grades, no question these bulls will help get you there.”

RAAA EPD Directory

The RAAA believes that EPDs should be economically relevant to the beef industry. To help all users of EPDs better understand the terminologies and practical applications, we have grouped all of our EPDs into one of four categories. This directory gives a brief explanation of each EPD.

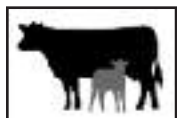

Growth

- **Birth Weight (BW)**: The expected difference, in pounds, for mature dam equivalent birth weight of calf. This EPD was used primarily as an indicator of probability of unassisted calvings which has been associated with lighter calves. A better predictor of unassisted calvings is the Calving Ease Direct (CED) EPD.
- **Weaning Weight (WW)**: The expected difference, in pounds, for 205-day, mature dam equivalent weaning weight. This is an indicator of growth up to weaning.
- **Yearling Weight (YW)**: The expected difference, in pounds, for 365-day, mature dam equivalent yearling weight. This is a measure of growth from birth to yearling.
- **Milk (MILK)**: The expected difference, in pounds, for grand progeny weaning weight due to milk production of a given animal's daughters.
- **Total Maternal(TM)**: The expected difference, in pounds, for 205-day, mature dam equivalent weaning weight for a given animal's daughters. This is a measure of grand progeny (progeny of daughters) weaning weight differences and includes daughters' contribution from milking ability.

Maintenance

- **Mature Cow Maintenance Energy Requirements (ME)**: The expected progeny difference, in Mcal/month, for nutritional requirements of metabolizable energy for maintenance. Used in a profit function, this estimates differences in cow herd feed costs and/or reproductive failure due to inadequate nutrition.

Reproduction

- **Calving Ease Direct (CED)**: The expected progeny difference, in percent probability, of calves being born without assistance to two year-old heifers. This EPD accounts for birth weight measures and calving ease scores, making it more accurate than the Birth Weight EPD to predict probability of unassisted calving.
- **Heifer Pregnancy (HPG)**: The expected progeny difference, in percent probability, of heifers conceiving to calve at two years of age.
- **Calving Ease Total Maternal (CETM)**: The expected difference, in percent probability, of a given animal's daughters calving unassisted at two years of age.
- **Stayability (STAY)**: The expected difference, in percent probability, that a bull's daughters will remain in the herd until at least six years of age.

Carcass

- **Marbling Score (MARB)**: The expected difference, in marbling score units, for carcass marbling score. Higher scores are associated with higher carcass quality
- **Rib Eye Area (REA)**: The expected difference, in square inches, of carcass rib eye area between the 12th and 13th rib. Rib eye area is a component of carcass lean meat yield.
- **12th Rib Fat Thickness (FAT)**: The expected difference, in inches, for carcass fat depth over the 12th rib. Fat thickness is a component of carcass yield grade.

McPhee Pacific Top 4563 is truly at the top. This outstanding young bull pulls it all together. He is the best all around carcass scanning bull of the offering. He has a very modest BW yet explodes with WW and YW EPD's in the top 2 and 6% of the breed. His Marb ranks in the top 1% and REA in the top 4%. He is a Pacific Pride son, you won't find a better sire for carcass and growth. His dam boasts a 105.3 MPPA. This young bull combines all the economically relevant traits into a great looking package. If you want to add power and performance to your herd-this is your bull. **Retaining 25% semen interest.**

McPhee Pacific King 376 is an outstanding son of Pacific Pride and his dam is a double bred Glacier Marias daughter with a 106.3 MPPA. What a royal pedigree. Pacific King ranks in the top 1% of the breed for WW and REA EPD's and all with a low birth of just 74#. He has a great ribeye and is one of the best scanning bulls this year. This bull should surely be at the top of your list. **Retaining 25% semen interest.**

McPhee Ultimate 4545 is a wide topped, deep sided brute. He has calving ease and growth written all over him with a WW ratio of 116. His sire, Joe Maker, combines growth and carcass traits. His young dam already has an MPPA of 104.1 and is just starting her career. This bull has a great balance of those important money making traits. Ultimate 4545 may have the best balance of performance and carcass traits in the entire offering. **Retaining 25% semen interest.**

McPhee R Mission 4550 has a superb balance of the growth traits. He starts off with a 70 pound BW and finishes in the top 4% and 1% for WW and YW. Look at that 100 YW EPD ! What an amazing EPD profile. R Mission 4550 catches your eye out in the pen. He is dark red and very handsome. He has loads of thickness, volume and fleshing ability. His pedigree combines that rare combination of calving ease and high growth. There is lots of potential in this bull. **Retaining 25% semen interest.**

MCPHEE R MISSION 4550

McPhee High Praise 377 has a heavenly pedigree. He loads performance and carcass on the top side, and his dam is a daughter of on of the most popular sire's of the breed-Major League. Greatness runs deep in his pedigree. You'll sleep good at night when your heifers are calving with his -2.7 B EPD and actual BW of just 70 pounds. This bull is deep and wide and really attractive. He is easy to love. **Retaining 25% semen interest.**

Oak Ridge Mission Statement has it all, he is thick across the top and deep in the rib. We have nicknamed him oak, and it fits. He is an extremely attractive bull with endless mass to him. You just look at him and the word sturdy comes to mind. We have come to appreciate the ease of movement he has and his ability to look the same on the day you pull him out of cows as the day you put him in. You will be able to spot Oaks calves as they will be thick across the top from front to back and a deep cherry red. Looks are not all he offers he has one of the most attractive set of EPD's you will find, he has all the numbers in the right place. Combine that with his appearance and he is a sire that has a bright future in the breed. **SEMEN AVAILABLE**
